

Language & Literacy

COMMUNICATION
Uses adjectives to describe familiar objects, people, places, and events
Knows some opposite words
Recalls favorite nursery rhymes, poems, and alliterative phrases
Identifies, uses, and produces rhyming words
Appropriately uses newly acquired vocabulary
Knows words can have similar meanings (e.g., big, huge, large)
Follows more detailed multistep directions with visual cues if needed
Makes comments and asks questions related to the topic of discussion
Carries out more complex conversations about high-interest topic
Takes turns speaking in group interactions
Substitutes initial consonant sounds in simple, one-syllable words to make new words
Tells about an event using past and future tense
LITERACY
Identifies the correct sequence of events and discusses setting, character, problems, and solutions in a story with supporting details
Interprets story situations and predicts outcomes
Shows an understanding of print concepts (e.g., letters, words, spaces between words, punctuation at the en of the sentence [., ?, !])
Attempts to sound out unknown words encountered in text
Identifies the ending sound of a word
Matches heard words that have a similar beginning or ending sound
Begins to read and recognizes word families (e.g., _at: sat, bat, rat, cat)
Begins to read simple sentences
Reads/recognizes sight words
Tells how two stories are similar and different
Identifies features of a book (e.g., spine, cover, author, illustrator) and begins to recognize books written by specific authors
Uses environmental print to effectively navigate the classroom environment (e.g., matches familiar spoken words to written labels)
Connects story to own life experiences

Language & Literacy continued

WRITING

Uses a journal as a way to communicate ideas and thoughts through inventive spelling and drawings

Writes using inventive spelling and drawings to convey a message

Writes all uppercase and lowercase letters of the alphabet

Writes numerals 1–100

Writes first and last name in proper case

Holds writing utensil with tripod grip

"Reads" own writing aloud

Mathematical Thinking

NUMBER AND NUMBER SENSE

Counts from 1–100 with prompting and support

Counts by tens to 100

Represents addition and subtraction (0–15) with objects, fingers, verbal explanation, and equations

Explores different ways numbers can be represented (e.g., numerals, dots on dice, tally marks)

Identifies the + and - sign

Identifies whether the number of objects in one group is greater than, less than, or equal to the number of objects in another group

Compares two numbers (1–20) when written as numerals (e.g., greater than, less than, similarities, differences)

GEOMETRY AND RELATIONSHIPS

Uses measurement tools to measure objects and compare them (e.g., ruler, measuring cup, scale)

Uses and responds appropriately to spatial words related to location, direction, and distance

Uses some ordinal numbers (e.g., first, second, last)

Describes a five-step procedure in sequential order (e.g., getting dressed, handwashing)

Compares two objects for which has more or less of a feature

Orders the days of the week and the months of the year with minimal support

Places five or more pictures in sequential order

Identifies and explains categories in sorting activities

PROBLEM-SOLVING AND REASONING

Completes 25+ piece puzzles

Estimates the length and weight of an object using nonstandard measurement units

Repeats, extends, and creates simple patterns using concrete objects

Creates and interprets simple graphs (e.g., tally graph, bar graph)

Identifies, matches, and sorts pennies, nickels, dimes, and quarters by their associated value

Describes how he/she solved a problem in his/her own way

Scientific Exploration

SCIENCE

Makes connections between water, ice, and steam (e.g., liquid, solid, and gas)

Uses simple tools to investigate objects and materials (e.g., magnifying glass, eye dropper, ramps)

Participates in experiments to answer questions/solve problems and makes predictions based on prior knowledge

Expresses data in a variety of ways, including illustrations, graphs, and explanations

Understands the earth's surface is made up of different materials (e.g., rock, sand, dirt, water) and can describe each property

Displays awareness of natural forces that affect materials (e.g., wind, magnetism, gravity, heat from the sun)

Understands that he/she can have a positive or negative effect on the environment (e.g., litter, recycle, water pollution)

DIGITAL INTERACTIONS

Labels and explores different types of technology (e.g., found at school, home, and at different jobs)

Shows an understanding of different tools and technology that can be used for different purposes (e.g., gather information, design, communication)

Demonstrates appropriate use for various tools and technology (e.g., scale, magnifying glass, thermometer, tape measure, computer)

ENGINEERING

Uses previous knowledge and experiences to plan, test, and redesign solutions to a problem or need

Citizens of the World

SOCIAL STUDIES

Discusses and recognizes state and national symbols (e.g., flags, Pledge of Allegiance, state bird, state tree, state/national monuments)

Identifies and describes common places in the community (e.g., park, library, local gardens)

Understands various jobs and roles in the community (e.g., community helpers, local artists, mechanics)

Demonstrates simple geographic knowledge (e.g., identifies various landforms on maps and globes)

Recognizes the use of money as a means of exchange for goods and services

Describes the characteristics of familiar places (e.g., "My house is white with a white fence," "My dentist's office has a fish tank and books about teeth.")

DIVERSITY

Understands all families have unique characteristics

Shows awareness that each person has unique personal characteristics, abilities, and different ways of communicating

Describes and identifies personal characteristics

Explores and recognizes the meaning of various celebrations and traditions (e.g., classroom, local, global)

Citizens of the World continued

WORLD LANGUAGES

Understands people communicate in a variety of ways (e.g., facial expressions, gestures, sign language)

Reviews previously acquired Spanish vocabulary

Acquires new Spanish vocabulary

Explores languages spoken throughout the world (e.g., languages spoken in the classroom and beyond)

Creative Expression

MUSIC, MUSICIANS, AND MOVEMENT

Participates in discussions around different genres of music and dance/movement concepts

Recites and sings a variety of songs

Understands spatial awareness when moving body expressively (e.g., up, down, forward, backward, zigzag, straight, fast, slow)

Explores sounds and creates music with a variety of instruments

ART AND ARTISTS

Creates an original piece of art independently (e.g., printing, collaging, tracing, painting, multisensory, 3D art)

Draws a complex picture using pencils, markers, crayons, or paint

Participates in discussions around different forms of visual art and artists

Creates a piece of art inspired by another piece of art or artist discussed

Draws people or self with six or more body parts

Communicates how his/her art work makes him/her feel and describes how it was created

DRAMATIC PLAY

Engages in pretend play related to the season, interests, or literature

Uses language to identify pretend or fantasy situations (e.g., "Let's pretend to fly to the sun!" "That can't really happen!")

Uses dress-up props or props created to pretend to be characters, animals, or objects

Social-Emotional Learning

SELF-HELP

Attempts to tie shoes

Zips, buttons, and snaps clothing independently

Asks for help when needed

Takes responsibility for own well-being

Follows classroom routines (e.g., cleanup, nap time, and mealtime)

Transitions from activities and different environments with some guidance and support (e.g., visual or auditory)

Plans and pursues a variety of appropriately challenging tasks (e.g., writes full name in proper case)

Pays attention to others and imitates how they solve problems; asks for and uses solutions

Proactively suggests solutions for pragmatic situations (e.g., asks teacher to make a waitlist or checkout list)

Page 4 of 5 ©2022 Spring Education Group, Inc.

Social-Emotional Learning continued

SOCIAL INTERACTION

Engages in conversations with adults and peers (e.g., introduces self by name, takes turns in conversation, addresses others by name)

Begins to use patience when waiting a turn (e.g., speaking in conversations)

Shows concern toward the feelings of others (e.g., begins to show empathy for others)

Labels emotions in self and others

Utilizes center management system

Initiates sharing opportunities of materials indoors and outdoors

Attempts to manage peer conflict situations

Interacts with others in classroom activities

Respects personal space of peers

Consistently remains engaged in self-directed activities, while ignoring most distractions or interruptions

Begins to maintain attention to a given project/learning experience over time (e.g., hours, days, weeks) and can return to experience after disruptions

Refers to adults with proper title (e.g., Ms. Smith)

Wellness

FINE MOTOR

Uses hands and eyes together to complete complex fine motor tasks (e.g., completes puzzles, laces lacing cards, draws, stacks blocks)

Shapes and manipulates playdough into letters, shapes, and figures

Cuts out shapes or designs using safety scissors

GROSS MOTOR AND BALANCE

Uses full range of motion to manipulate balls or similar objects (e.g., kicks rolling ball, throws ball overhand and underhand with accuracy, maneuvers balls)

Sustains balance during complex movement activities (e.g., hops across playground, hops on one foot and then the other, walks along edge, walks forward, and backward)

Engages in complex body movements, promoting gross muscle development (e.g., jumping jacks, running, galloping, jumping, yoga, pedaling tricycle, stop-and-go movements, stretching)

HEALTH, SAFETY, AND NUTRITION

Shows awareness for safety rules and the need to follow them (e.g., playground rules, fire drill procedures, personal identification)

Discusses and explores ways to keep our bodies healthy (e.g., sleep, exercise, coughs/sneezes in elbow, handwashing procedures, sleep habits)

Discusses and explores healthy eating habits (e.g., identifies a variety of foods, sorts foods into healthy and unhealthy groups, identifies favorite foods/beverages)
